Professional Video Wall Monitors

Professional Video Wall Monitors produce sharp, true color images that can be used in security rooms and a variety of other applications. These LCD displays are the perfect solution for Ultra High Definition (UHD) video walls. With an integrated video wall processor, and the ability to take a single video source and display it across multiple panels, it is possible to create *huge virtually seamless displays that are an excellent choice for Command & Control Centers where fine details are critical. *Arranging 9 Razor-bezel Professional Video Wall Monitors into a 3 x 3 configuration creates a 165" 4K Ultra High Definition (UHD) image.

Radar Solutions

Tyco Radar Detection Hardware

Tyco Radar Detection provides a low-cost radar detection solution that easily integrates into new and existing Exacq VMS systems while providing 24/7, 360° coverage to any size site. With easy installation and seamless maintenance, this family of radar sensors results in simplified multi-sensor integrations and auto PTZ slew-to-cue, all while ensuring performance no matter the weather conditions.

Product		List Price
TRADAR-150-1EW	Tyco Radar Detection 1 Year Extended Hardware Warranty for TRADAR-150F	\$620.00
TRADAR-150F	Tyco Radar Detection Unit w/150m Range, 5.8GHZ Sensor, 1.2m Resolution	\$8,800.00

Illustra Flex Cameras

Illustra Flex cameras provide affordable high quality megapixel video at a fraction of the cost. True Day/Night and 3D Dynamic Noise Reduction technology improves video quality and reduces storage requirements in low light conditions while the Wide Dynamic Range feature increases the image quality of objects dimly lit by bright backgrounds.
